

SINCE they established the London Fryer on Seaway Road, Preston, Roy and Louise Abbot have increased their turnover six fold. It is hardly surprising when you bear in mind the soaring reputation they have earned for the quality of their food.

Before he opened the Preston shop **Mr Abbot** ran a giant fish and chip shop in Slough — he must now be one of the youngest and most experienced fryers in the area.

Fish and chips became a stock meal among the

I have used the London fryer since a kid, when Roy and Louise opened back in the 80's and still to this day with my family we use the London fryer they are the best fish and chips in the bay.

Memory Lane visit

All the waiters worked for Roy & Louise Abbot 30 years ago and I decided to visit memory lane. I was not disappointed the fish and chips are as good today as they were 30 years ago. And to my surprise Roy is still behind the fryer frying fish and chips to order.

How many businesses have that sort of great reputation?

Gorgeous meal

Went here on the recommendation of our B & B hosts, there are plenty of other fish and chip establishments that were nearer but we were told this was the best and we could eat inside.

It was certainly worth it as the cod and chips were perfectly cooked, fresh, white and well cooked chips. Small seating area which had been lavishly decorated in the Valentine Day theme. Waitress service at the tables, very busy takeaway too. Slow walk back as we were stuffed!!

THE LONDON FRYER

The Family Business that cares!

The London Fryer opened April Fool's Day 1982! Roy and Louise travelled from London in order to open their very first business in Devon. As they spotted a small shop named The London Fryer, they knew it was a sign... quite literally.

Since then there has been a non-stop of great memories with their family, staff and customers.

The London Fryer has now been recommended by numerous local newspapers, local TV and radio and Roy has been nicknamed by one of the papers as "The Baron of the Batter."

Roy and Louise with their children are still working at the shop and one of their proudest moments was providing a service for a large group of customers travelling on British Rail (over 100 meals) that were mostly fish and chips on a Saturday teatime as British Rail couldn't provide hot food, only sandwiches.

We thank all our customers for their continued support and welcome all new customers. Please enjoy your meal as much as we enjoy serving you.

Always the family favourite. Absolutely love this place! When we visit our family I always insist we come here. We sit in, it's such a lovely atmosphere and the staff are so attentive. The food is amazing, I had the trio fish and chips cooked to perfection and of course bread and butter for the chip buttie. The chicken curry and chips are Delicious too. Highly recommend.
